

Requirements For Obtaining Updated Vaccinations During CEL Training 2014
At The Readiness Support Center

To obtain your updated vaccinations, you would have included your vaccination request info on your CEL registration. You will also need to follow additional instructions below:

1. Bring with you to the RSC any/all updated shot records. This would be one of the following:
 - a) SF 601, Immunization Record (form is dated 1975) or old “yellow card” showing past vaccinations; or
 - b) “Official” immunization documentation as signed by a medical/healthcare professional which **MUST** include all of the following:
 - Documented vaccination from a private MD, Board of Health, military facility or clinic
 - Type of vaccine
 - Manufacturer of vaccine
 - Vaccine Lot number
 - Date of expiration
 - Dosage
 - Location on the body where vaccine was given
 - Provider’s signature and facility name
2. Upon Day One arrival and check-in at the RSC, provide above records to RSC personnel (Cynthia Phillips) or lead Military Planner. These records will then be given to the SAM Medical Staff for review to schedule your vaccinations end of training week. Medical staff will discuss with individual if there is a discrepancy in records provided.
3. Only the following vaccinations are available from the SAM Regional Occupational Health Center:
 - Hepatitis A and B and the combination vaccine
 - Tetanus / Diptheria
 - Tetanus/Diptheria/Pertusis
 - Typhoid
 - Influenza
